MEDICAL CONSULTANTS, INC. ANNOUNCES NEW CORPORATE NAME

Fort Lauderdale, FL - Intermedix Corporation was introduced today as the new corporate name for MCI Acquisition Corporation. MCI Acquisition Corp. was formed in 2005 as a holding company in connection with Parthenon Capital's investment in Medical Consultants, Inc. In 2006, MCI acquired Advanced Data Processing, Inc., the leading provider of technology-based business services to emergency ambulance providers.

The change was motivated by a desire to better reflect Intermedix's position as a leading technology and business services firm. The new name also leverages the Company's technology platform, Intermedix Technologies, Inc. also acquired in 2006.

"This change allows us to present a unified, cohesive brand to the marketplace. We as a company are more than the sum of our parts and we expect our technology to continue to increasingly differentiate our capabilities in the marketplace. We wanted that to be reflected in our corporate identity" said Doug Shamon, CEO of Intermedix Corporation.

About Intermedix

Intermedix helps fund and support our nation's emergency safety net - emergency physicians, hospital emergency departments, and 911-emergency responders. We engineer advanced technologies into our business processes to meet incident documentation requirements, realize revenue potential, and provide advanced informatics to our customers. Our solutions are designed for performance and compliance, allowing our customers to focus on saving lives and promoting healthy recoveries from accidents and illnesses.

Intermedix serves the emergency physician and hospital emergency department market through its subsidiary EPBS, the emergency medical services (ambulance) market through its subsidiary ADPI, and the fire response market through its subsidiary Revenue Rescue. Intermedix has clients throughout the United States and has collected billions of dollars for its clients since its founding.
